

Day 1 Thursday, April 11

Time	Room 1	Room 2	Room 3	Room 4	Room 5
13:30-14:00	Registration				
14:00-16:00					Young scientist symposium
16:00-16:30	Break				
16:30-18:00			Special interest group 1 Multiple endocrine neoplasia: bridging perspectives - clinical updates for endocrinologists and patient insights	Special interest group 2 Microplastics and one health	Special interest group 3 Globalization of R&D and its products to create a healthy daily life
18:00-18:10	Break				
18:10-19:00	Welcome reception				
19:00-20:00				Satellite symposium 1 (K)	Satellite symposium 2 (K)
20:00-20:30					

Day 2 Friday, April 12

Time	Room 1	Room 2	Room 3	Room 4	Room 5
08:00-08:30	Registration				
08:30-10:00	Symposium 1 Nutrient sensing hormone-based therapies	Clinical update 1 Global guideline review in thyroid diseases	Symposium 2 Mitochondrial function in bone & cartilage	Symposium 3 Innovations in hypopituitarism: from etiology to therapeutic solutions	Collaboration among endocrinology publications in Korea (K)
10:00-10:10	Break				
10:10-11:00	Oral session 1 Diabetes/Obesity/Lipid (clinical) 1	Oral session 2 Thyroid	Oral session 3 Bone/Muscle	Oral session 4 Pituitary/Adrenal/Gonad	Oral session 5 Diabetes/Obesity/Lipid (basic)
11:00-11:20	Break				
11:20-11:30	Opening address				
11:30-12:10	Plenary lecture 1. Diabetes/Obesity/Lipid (basic) Cholesterol transport in endocrinology and metabolism				
12:10-13:10	Luncheon symposium 1		Luncheon symposium 2	Luncheon symposium 3	
13:10-14:00	Poster oral session 1				
14:00-15:30	Clinical update 2 New targets for lipid-lowering therapies	ESROC-KES joint symposium Keeping friendship by sharing knowledge	Symposium 4 Crosstalk between pituitary gland-adrenal gland and bone-muscle	Early career forum Nurturing the next generation	Symposium 5 Emerging frontiers in metabolic regulation and cellular identity
15:30-15:50	Break				
15:50-16:30	Plenary lecture 2. Thyroid Thyroid autoimmunity and pregnancy				
16:30-16:50	Break				
16:50-17:40	Oral session 6 Diabetes/Obesity/Lipid (clinical) 2	SICEM special scientific session What's ENSEMBLE? - the first large-scale outcome trial based on a triple combination of statins, ezetimibe, and fenofibrate	JES-KES joint symposium Rising stars in Endocrinology from Japan and Korea	Symposium 6 Delving into primary aldosteronism (PA): Taiwan Study of Aldosteronism - Korean Adrenal Study Group	Symposium 7 Everything in fat
17:40-18:20					
18:30-19:00	Gala dinner				
19:00-20:00				Satellite symposium 3 (K)	Satellite symposium 4 (K)
20:00-20:30					

Day 3 Saturday, April 13

Time	Room 1	Room 2	Room 3	Room 4	Room 5
07:00-07:30	Registration				
07:30-08:00	Breakfast symposium 1	Breakfast symposium 2			
08:00-08:30	Break				
08:30-10:00	AFES-KES joint symposium Enhancing diabetes understanding and treatment in the Asian context	Symposium 8 Thyroid and metabolic disease	EnM session Navigating the musculoskeletal health through aging and metabolic derangement	Clinical update 3 Contemporary insights into general endocrinology	Symposium 9 Neurometabolism regulation by hypothalamus and hindbrain
10:00-10:20	Break				
10:20-11:00	Plenary lecture 3. Diabetes/Obesity/Lipid (clinical) Overcoming obesity : the discovery of multi receptor drugs				
11:00-11:20	Break				
11:20-12:50	Symposium 10 Recent advances in technology in cardiometabolic diseases	Hot topic Recent therapeutic trends of Graves' disease	Clinical update 4 Recent update in musculoskeletal disease	ENDO-ESE-KES joint symposium Global insights on advancing pheochromocytoma/ paraganglioma care	Collaborative insights for clinical guidelines development
12:50-13:50	Luncheon symposium 4	Luncheon symposium 5	Luncheon symposium 6		
13:50-14:40	Poster oral session 2				
14:40-15:00	Endocrine quiz				
15:00-15:15	Break				
15:15-15:55	Plenary lecture 4. Bone/Muscle The many ways that osteocytes control bone structure				
15:55-16:55	Year in review (Pituitary/Diabetes/Thyroid)				
16:55-17:15	Closing ceremony (Room 1)				

Clinical ultrasound training room

12:40-14:20	Clinical ultrasound CME (K)
14:20-14:30	Break
14:30-16:30	Clinical ultrasound CME - Hands-on (K)
